Virginia Awards Training Contracts to Succeed to Lead, LLC

NORTHERN VIRGINIA — The Department of Accounts' Division of State Internal Audit (DSIA) provides on-site training programs to the internal audit community of the Commonwealth of Virginia and has been successful doing so because of training providers who make available quality, leading edge classes. On July 1, 2010, DSIA awarded two contracts to Succeed to Lead, LLC for two such quality training programs for DSIA auditors and accountants.

"This is a great opportunity for Succeed to Lead and we're eager to work with the State of Virginia in providing training that will enhance the professionalism and knowledge of their employees," said CEO Dr. Byron L. Cherry.

Succeed to Lead is teaming up with InovaTech College of Business & Technology to present training on Federal Grants Compliance and Windows 7. Both topics were identified by state employees as subjects for which additional training was necessary. Cherry said, "InovaTech is a nationally accredited college and Institute of Higher Education (IHE). They have taught more than 40,000 Federal, DoD, DoD civilian, and public students over the past eight years and bring a lot of experience to the table on these subjects. I'm confident that DSIA employees will show a considerable increase in knowledge upon completing the training."
